# TECHNICAL DATA SHEET

FEBRUARY 2015

## PRODUCT NAME

R30 Industrial Grease Non-Stick Dry Lubricant with PTFE

## PRODUCT RANGE

| Part Number | Available Size |
|-------------|----------------|
| CT-R30-300  | 300g Aerosol   |

Refer to SDS for product safety guidelines

## R30 Industrial Grease Non-Stick Dry Lubricant with PTFE

Chemtools® R30 Dry PTFE Lubricant is a Teflon® based spray that acts as a powerful dry lubricant. This product is fast drying, has a low odour and is non-staining and non-oily. It also has excellent film forming properties and resists high and low temperatures making it useful for all weather applications.

Chemtools® R30 Dry PTFE Lubricant does not contain silicone or chlorinated solvents. The extremely low static coefficient of friction makes it a superb lubricant where low speeds and light loads are involved

*Disclaimer: Teflon™ is a registered trademark of DuPont Corporation*

### FEATURES AND BENEFITS:

- Dry film lubricant
- Provides excellent anti-seize properties
- Convenient aerosol spray
- High load carrying properties
- Accelerates the running-in period

### APPLICATION:

- Sliding tracks
- Locks and catches
- Rollers
- Drawers and hinges
- Windows
- Conveyor belts

### PROPERTIES:

|            |                                   |                  |      |
|------------|-----------------------------------|------------------|------|
| Appearance | Translucent white film            | Specific Gravity | 0.64 |
| Odour      | Mild Solvent                      | Flammable        | Yes  |
| Propellant | CO <sup>2</sup>                   | Paintable        | No   |
| Shelf Life | 1 year + from date of manufacture |                  |      |

**STORAGE:**

Store in closed containers, undercover, in a cool and dry environment.

**PRECAUTIONS:**

This product is capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheets (SDS) for this and all other products being used are understood by all persons who will work with the material.

**WARRANTY:**

All products purchased from or supplied by Chemtools® are subject to terms and conditions set out in the contract. Chemtools® warrants only that its products meet the specifications designated as such herein, or in other publications. All other information supplied by Chemtools® is considered accurate, but is furnished upon the express condition. The customer shall make its own assessment to determine the products suitability for a particular purpose. Chemtools® makes no other warranty, either expressed or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or products will not infringe any patent.
