

Citrus 6000

Concentrated Cleaner/ Degreaser

Description

Citrus 6000 is AQIS approved to their highest category in chemicals. It is currently in use in just about every industry conceivable – from child care centers and schools to diesel workshops. It cleans just about anything.

Citrus 6000 CITRUS CLEANER is a responsible environmental alternative to traditional harsh solvents, and is far stronger than the all-purpose cleaners that are available.

Citrus 6000 is strong enough for cleaning Commercial Kitchens, Hotels and Restaurants, removing baked on food from BBQ's, Stoves and Ovens, removing fatty deposits from tiles, floors and shower recesses and it will even degrease Diesel engines, but it's gentle enough with Dilution, for jewelry.

There are thousands of uses for Citrus 6000 Citrus Cleaner and because it is AQIS approved, it is therefore suitable for use in food environments

Application

As supplied, Citrus 6000 is slightly alkaline in nature.

This aspect is important when being used as a degreasing agent, however this is rendered almost neutral when diluted for surface cleaning; which is typically diluted to around 10 or 20 parts water to one part Citrus 6000.

Dilution / Package Size

Package size 5 Litre, 20 Litre, 200 and 1000 Litres

Typical Characteristics

Appearance	Orange coloured clear liquid
Solids content	<6%
Water Miscible	Completely water miscible
Flash Point	Not applicable
pH in concentrate form	13.5
Biodegradability	Completely biodegradable
